

**You Are Invited to a Field Day  
Organized by the  
Metropolitan Water Reclamation District of Greater Chicago  
and  
Blue Island Park District  
On  
Exceptional Quality Biosolids  
Free Fertilizer and Soil Builder (Your Turf Maintenance “Bail Out” Plan)**

**Date** Thursday June 3, 2010

**Time** 8:30 a.m. – 11:30 a.m.

**Venue** Blue Island Park District  
Memorial Park Field House  
12804 South Highland Avenue  
Blue Island, IL 60406

**Continental Breakfast Starts at 8:00 a.m.**

**Learn About:**

- What benefits you receive from biosolids as a topdressing fertilizer and soil amendment.
- New tools to obtain the best results using biosolids and add more nutrients to your park grounds, athletic fields, golf course, and community.
- New ideas from the MWRD for delivering biosolids when you need it.
- How to get the most from your spreader.

**Also:**

- **See for Yourself:** Demonstrations applying topdressing with biosolids.
- **Hear from Current Users:** How they used biosolids to replace chemical fertilizers.

**Who Should Attend:**

- Superintendents.
- Directors.
- Turf Managers.
- Field Staff.
- Those who think that improving turf quality or saving money are important to maintaining their parks, athletic fields, and golf courses.
