Dear Mr. Ruyle:

Subject: Metropolitan Water Reclamation District of Greater Chicago – 2025 Report
of the Fulton County Environmental Protection System Under Permit No.
2024-SC-67690

This letter transmits information for the 2025 report of the Fulton County Environmental Protection System under Permit No. 2024-SC-67690. No biosolids data are reported because biosolids application was terminated in 2004. Termination of monitoring of soil, crops, and surface water and groundwater sites was approved by the Illinois Environmental Protection Agency in September 2006 and the coal refuse areas in July 2007. Therefore, no environmental monitoring was required during this period.

Very truly yours,

Albert Cox, Ph.D.
