1. Were BBs addressed by installing overhead sewers (OHS), backflow prevention devices (BPD), local storage facilities (LSF), or other measures? (indicate number addressed)

2. Describe reason(s) if cause(s) could not be identified and/or addressed:

Several homes in the vicinity of the Brainerd Road Lift Station backed up during the April 13 storm. Phase I engineering for upgrades to the lift station and/or local storage are currently underway.
